

Dear Chief-

I would like to commend an officer on your evening shift. I was driving home after a village meeting when my tire went flat. It was 10:30pm on a hot and sticky July 22nd and I called the police department hoping they might give me the number of a gas station who might assist me. Steve Mathis responded to my location. Even though my car was on the side of a very slanted shoulder, Steve professionally, carefully, and efficiently came to my aid. I was so very grateful.

In recent years, I went door-to-door, speaking to over 500 residents about the benefits of incorporation and having our own police department. Steve Mathis is truly a testament to that effort. Please commend him for his efforts on my behalf.
