

## OUTREACH VOLUNTEER SURVEY

---

Thank you for volunteering as an Outreach Volunteer for the Village of Campton Hills!  
The Village really appreciates your efforts to make the Village prepared to face any emergency.  
In an effort to better align your skills and interests with emergency volunteer opportunities, we are  
requesting that you complete this short survey below and email or fax to

Jennifer Johnsen, Village Administrator

[jennifer.johnsen@villageofcamptonhills.org](mailto:jennifer.johnsen@villageofcamptonhills.org)

Fax: (630) 584-5775

Thank you for your volunteerism!

Home Phone: \_\_\_\_\_

Email Address: \_\_\_\_\_ @ \_\_\_\_\_

What is your professional background? \_\_\_\_\_

\_\_\_\_\_

---

### What Are Your Interests?

---

\_\_\_ **Answer phone/make calls** - You could be asked to come to Village Hall to answer the telephones and help answer questions (according to a provided script) as residents call.

\_\_\_ **Block Director** - You would be responsible for your block in a manner which would allow for a quick "head count" during an emergency. You may also be asked to disseminate emergency preparedness information to your neighbors. This position may require further training.

\_\_\_ **Cut down trees** - In order to participate, you must have a working knowledge of the safety rules in operating a chain saw and you must provide your own chain saw. You will be given more directions at the appropriate time.

\_\_\_ **Childcare** – Campton Hills Police Department will require a criminal background check in order to volunteer. You will be asked to watch children (0-17 years) of other volunteers at a designated location.

\_\_\_ **Help establish the Village shelter** – You may be asked to help establish and staff a shelter according to the American Red Cross guidelines in conjunction with Red Cross leadership.

\_\_\_ **Fill and place sandbags** - In the event of a flood, you would be asked to fill and distribute sandbags. You should be physically capable to lift between 25-50 lbs repeatedly.

\_\_\_ **Help to direct traffic** - In the event of an evacuation of a subdivision or the entire Village, you may be called upon to help drivers navigate the roads safely. This will require training from the CHPD, unless you are or were a police officer professionally or have previously received traffic control training.

\_\_\_ **First Aid** - Recommended for the nurses, doctors, dentists, veterinarians, etc. You must be certified by the American Red Cross to qualify; we can help you with this process. If you are specifically trained to medically assist horses, please indicate that here. \_\_\_\_\_

\_\_\_ **Skilled Manual Labor** – For those who are engineers, construction workers, etc. who could help to assess the safety of structures and perform skilled manual labor tasks.

\_\_\_ **Unskilled Manual Labor** – For those who might not be professionally or otherwise trained, but are willing to pick up a shovel, hammer, or other tool to assist as needed.

\_\_\_ **Well-being checks** – You would be asked to walk or call around to your neighbors to ensure that they have received medical care, if necessary, and are otherwise present and accounted for.

\_\_\_ **Volunteer Management** – We are looking for the natural-born leaders who can help manage the volunteers as they help around the Village.

\_\_\_ **Search and Rescue** – In the event that residents are reported missing, we will need as many people as possible to help find them quickly.

\_\_\_ **Purchasing and Supply Management** – These people would help to ensure our resources are held safe and accounted for during a disaster.

\_\_\_ **Other** – What other areas would you be interested in helping with?
