Governor

Larry Trent
Director

July 30, 2008

Chief Greg Anderson
Campton Hills Police Department
40W115 Campton Crossing Drive Unit B
Campton Hills, IL 60175

Dear Chief Anderson:

As you are aware, traffic fatalities in the Chicago collar counties are some of the highest in the state. To address these concerning statistics, over the past three months the Illinois State Police District 2 and numerous local police agencies have conducted monthly traffic enforcement "blitzes" across Lake, McHenry and Kane Counties. During these enforcement efforts we have reached out to our partner agencies to participate. These three details have resulted in 903 citations and 313 warnings issued to motorists, 351 of these were for seatbelt violations. More importantly, police cars from 25 different police agencies have been seen by the motoring public with red and blue lights activated in a unified effort to stop traffic violators.

I would like to take this opportunity to thank you for participating on July 14, 2008 along IL Route 47. I am encouraged by the cooperative efforts we all share and hope we can continue to conduct these blitzes as our combined staffing allows.

Respectfully,

A handwritten signature in black ink, appearing to read "J. Hedrich".

Captain Jeffrey Hedrich
District 2 Commander
